Buy in the Beautiful Gray Tract

One of the best subdivisions in San Mateo County. No adobe; the finest of soil—loam and gravel; beautiful oak trees, and situated on the Woodside road. This road is soon to be made into a beautiful boulevard. NOW is the time to buy. Only a few blocks from the new electric line. Don't let all outsiders come here and buy up the best. These lots are all 50x100 feet; no 25-foot frontage here. I want you to call at the office and I will show you what these lots are, and I would like to see our own people get in on the ground floor—not all strangers. About forty of these lots have been placed on the market for \$250 each; 10 per cent cash, remaining payments to suit purchaser.

Account of Voyage On Panama Route

LETTER FROM R. H. JURY DESCRIBES TRIP HE IS TAKING

Sights Fleet at Magdalena Bay.—Much Mail for the Jackies

(From the San Mateo Leader)
City Attorney Charles N. Kirkbride has received a letter from R. H. Jury, who is en route to Panama, and with the kindness of the recipient of the letter, the Leader is permitted to give the graphic description of the voyage to its readers. The letter follows:

San Blas, Mexico, March 19, 1908.
"After a two-day stop at Mazatlan our ship reached this port this morning, where we will remain until mid-day tomorrow. At all these ports the taking on and discharging of freight is done by lighter, as the harbors are not deep enough to accommodate the great depth of the steamer.

"The trip down was without incident, except that on Sunday we stopped outside of Magdalena Bay to deliver 216 sacks of mail for the jackies. We saw the ships composing the fleet, heard the guns boom in practice, and as we pursued our way southward, darkness came on and another day was ended. The Newport makes about ten knots an hour, and the time is spent in loafing and waiting for the gong summoning all to the dining room. Thus far I have not missed a meal, being a pretty fair sort of a sailor. At Mazatlan and San Blas, natives in canoes flock about the steamer at anchor, offering cigars for sale. Prices range from 50 cents to \$1 per box of fifty. The weeds make as much smoke as an ordinary cigar, but the stench is simply awful. We have been fumigated twice since leaving San Francisco, as the Mexicans have declared a quarantine against Frisco, on account of the plague, which they believe is raging furiously up there and moving down victims like blades of wheat before a moving machine.

"I am taking in all the towns en route, gathering data for my work, and when I reach New York will have a formidable supply of 'copy.' The scene of my big work will be Panama and the canal zone. I may have to spend two or more weeks there with the young man who accompanies me as photographer, and then we go to Guayquil. Then back to Panama, crossing the Isthmus and on to New York.

"The weather is very warm, in fact, extremely hot, and as I write in my stateroom every day, it is not with the utmost comfort, I can tell you. The passenger list is, light, and we have no diversions on board, and were it not for my writing, time would hang.

"People and customs here are extremely strange, and for the most part every city thus far visited is not a howling sanitary success. They say, however, Panama and the canal zone are greatly improved from a sanitary standpoint, since our government took charge. I would like to write you my impressions of Mazatlan and San Blas more fully, but as we expect a northbound steamer shortly and as I have other writing to do, I must close.

"We have had no word of any nature from the United States since leaving. Am patiently awaiting expected letters at Panama, to see if you are still on the map.

"With best wishes for all,

"R. H. JURY."

The Moultons' New Home

The Francis Moultons have finished their handsome new home. They have been living at Fair Oaks for some years and the old home was considered by their many guests to be as charming as a home can be. But this new one eclipses it completely and is really one of the most finished, modern establishments in California. There are splendid garages, orchards, stables, tennis courts, gardens and lawns, and the home itself, which has been built in a grove of oaks, is perfect in every detail. The Moultons may spend their winters in San Francisco, using the Fair Oaks home only at week-ends and for house parties.

They'll Be Well Acquainted

Governor Gillett and his staff bid fair of being pretty well acquainted with the fleet by the time it reaches San Francisco. First the official party will go to San Diego, where the first formal greeting to California will be extended. Then they will proceed by land in time to extend the hand of welcome to the expectant admirals and officers, and so on up the coast, until they reach San Francisco, where the Governor will be in a position to act as master of ceremonies.

Final Discharge Ordered

Attorney Monroe Thomas appeared in the United States District Court last Saturday in the matter of the insolvency case of Duncan McLachlan. A final discharge was ordered.

Last Saturday night a surprise party was given to Mr. and Mrs. L. Carrere at their new bakery on Pine street. Mr. Carrere has disposed of his interest in the Homestead bakery in San Mateo to engage in business in this city.

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away

Redwood City women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all of these disorders. Here's proof of it in a Redwood City woman's words: "Mrs. J. H. Bridgewater, living at 210 Jackson street, Redwood City, Cal., says: 'I suffered severely with a pain across the small of my back and it was with me no matter what position I assumed. I was subject to attacks of dizziness and my general health was in a much run down condition. One of Doan's Kidney Pills, I procured a box at P. A. Ryan's Drug Store, used them according to directions and they proved to be just the remedy I required. I received relief in a short time, and before I stopped their use, I was well and strong.' COUNTY OFFICIAL PAPER.

Saturday, April 4, 1908

D. E. O'KEEFE, Editor and Proprietor

The popularity of the American Navy must be due to the fact that it is recognized as a powerful persuader to keep the peace.

Uncle Sam's store of gold, which was \$156,000,000 in 1896 is now over \$1,000,000,000. The flurry was in truth a mysterious dispensation.

The Pacific region never had a happier thought than that of responding cordially to the friendly salutations of its great and good friend, Uncle Sam.

A Japanese paper says the people of that country are the most heavily taxed in the world. The jingoes should consider this important and go out of business.

The women of Seattle have decided that the line should be drawn against Asiatic immigration, provided they are allowed to keep their Japanese cooks. In the presence of the kitchen problem an international issue fades into insignificance.

Oscar Surprised His Friends

The many friends of Oscar Comper were surprised to learn on Monday that he had been married in San Jose the day before to Miss Inez Boyne of Woodside and San Francisco. The ceremony took place in San Jose and only the immediate relatives of the contracting parties were present.

Mr. Comper has spent all of his life here and is one of the most popular young men of this city. He is vice-president of the Walsh Drug Co., and a rising young business man. He is a ball tosser of no mean ability and Redwood was always sure to win when "Comp" was in the box.

Mrs. Comper is a woman of great beauty and is well-known in society in the metropolis. She is the eldest daughter of the late George Boyne who was a well known newspaper man and politician in the City.

The young couple will reside at the beautiful summer home of the bride at Woodside. The Times-Gazette joins their many friends in wishing Mr. and Mrs. Comper a happy married life and as we have so often remarked before "May their troubles be little ones."

Articles of Incorporation

The following articles of incorporation were filed in county clerk's office during the week—

The New Era Press Stone Company incorporates with a capital stock of \$25,000 divided into 25,000 shares at a par value of \$1 each. The principal place of business is Edgemar, San Mateo County and the purposes of the incorporation is to manufacture all kinds of concrete material for buildings. The actual amount of stock subscribed is \$13,411 by the following stockholders, G. L. Ross 4167 shares \$4167, George L. Brown 4167 shares \$4167, P. C. Peterson 4167 shares \$4167, C. W. Owens 400 shares \$400, F. A. Alexander 100 shares \$100, E. C. Johnson 400 shares \$400, W. S. Roaldson 10 shares \$10. All the stockholders reside in San Francisco.

Independent Steamship Line

Santa Cruz, March 27.—E. P. Doe of Oregon, representing the North Pacific Steamship Company, is planning to put on an independent line of steamships to carry freight and passengers between Port Watsonville, Monterey and Santa Cruz and San Francisco.

Doe has put the matter before the Board of Trade and asked for a wharf and a landing privilege. The franchisees for the Cowell and railroad wharves have long expired, and the city council will be asked to pave the way for a free wharf.

Owing to wharfage fees heretofore charged, all previous efforts to compete with the Pacific Coast Steamship Company have failed.

Cemetery Association Formed

The Oakwood Cemetery Association was recently formed at Santa Cruz for the purpose of obtaining a new cemetery to be located at Paul Sweet Gulch, on the line of the new electric road to Soquel, and it is an admirable location. The crematory and chapel will be built on the grounds and a general imitation of Cypress Lawn Cemetery will be followed. The Association has a capital stock of \$10,000 all of which is paid up. Leslie Johnston and his partner are the attorneys for the corporation.

School Bonds Voted

The bond election held at San Bruno Park last Tuesday was almost unanimous in bonding the San Bruno school district for \$25,000 to erect a handsome school building. The people there are public spirited and believe in spending money for school purposes is money well spent.

Mrs. Edward Barron, Miss Marguerite Barron, and Mr. Ward Barron, who have been occupying a house on Jackson street during the winter, will leave in about a month for their winter place near Mayfield, where they will remain until the fall.

SAN MATEO'S COUNTY JAIL

Secretary of State Board of Charities Reports on Institution

The jail of San Mateo County is located in an out of the way place, one quarter of a mile from the court house. The building is of brick, old and consists of two parts; the front is two stories and extending back is the cell house of one story. The first floor of the front contains two offices for jailor and kitchen; the second floor contains three rooms with barred windows, used for women, boys or witnesses. These rooms are not connected with each other except through hall. In one of these rooms were two boys, candidates for Preston, and a crippled man held on suspicion of burglary.

The cell house proper is one story with sky light. The cage has ten tanks, one used for toilet, opening on a central corridor. Over the top of the corridor is grating, and above a sort of cupola for sky light. The heat is supplied by a stove with pipe running up through the wooden roof of this cupola. This had taken fire the day 1 was there but had been put out. The cells or tanks are 6 ft. 6 inches wide, 7 foot long and 7 foot high. There are nine of these and 22 prisoners were in them. The prisoners are locked in from five p. m. until seven a. m., fourteen hours, in one cell four men. The only openings are eight 14 inch holes bored through the plate in front and an opening 6½ inches through the door. The cells are damp and clothing hanging in them is covered with mildew. The bedding consists of old mattresses and blankets somewhat ragged and dirty, lying on the floor of the cage. In these cells open night jackets were used. The toilet cell contains one toilet bowl, plumbing out of order and sewer gas escaping. The floor was wet from water escaping somewhere about the toilet bowl. Several prisoners were sick. A general air of disorder prevailed the whole premises. No work is provided for prisoners. Those awaiting trial and those serving sentence are put together in violation of the state law.

By W. A. Gates, Secretary.
